

FEI 2024 Teachers' Seminar

The Technical Directorate and the FEI Committee invite members of the Technical College and teachers (from 1st Dan) to take part in the Executive Seminar on 9 and 10 November in Bellecin (France). As the La Claquette Visitor Centre is no longer available, the place was chosen based on its practicality and relatively central location. If the Schengen conditions are met, M. Tiki SHEWAN should be present.

With best regards, *J.-M. Spothelfer*

Theme : "EIF: a quality label." Under this theme will be treated various notions related to exams, the specificities of Muso Shinden Ryu, as well as the respective dynamics and rhythms of Omori, Hasegawa and Okuden...
